INCLINED VERTICAL CHEESE PRESS

CUSTOMIZABLE AND EASY TO OPERATE

Our vertical cheese press is customizable according to your needs. It has 2 to 12 heads. With its simple and efficient construction, the press is easy to move and operate

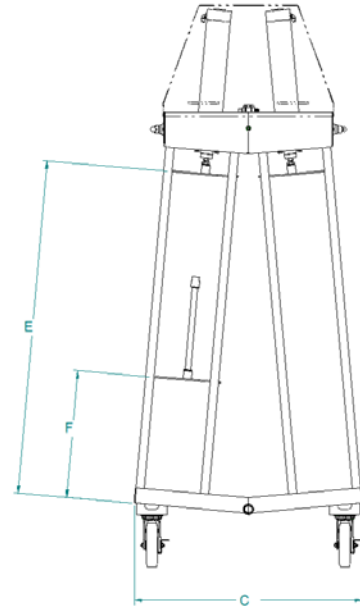

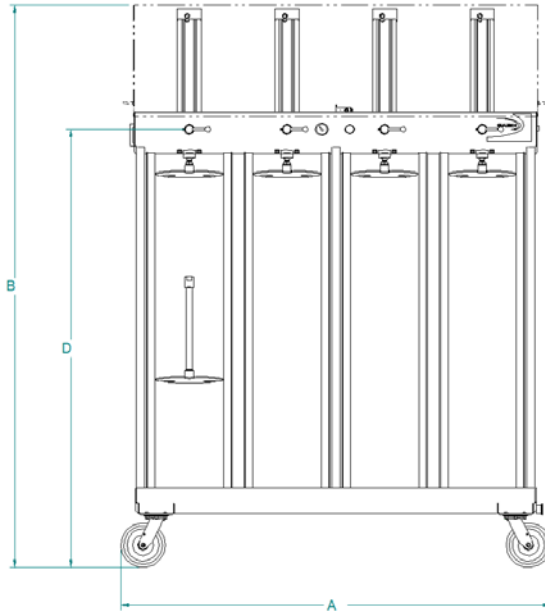

- > Easily washable 304 stainless steel sanitary construction
- > Adjustable pressure regulator to modulate the pressing force
- > Independent control of each cylinder via manual valves with stainless steel handles
- > A cylinder extension rod provided to allow for partial stacking
- > Whey recovery pan with central drain and a tri-clamp ferrule output connection
- > Designed for rectangular molds 11" x 14" (20 or 40 pounds)
- > 11 molds 11" x 14" 20 pounds per stack
- > Possibility of pressing round molds from 6" to 12" in diameter
- > Combination of molds of different formats, round and / or rectangular, possible
